Whatever your age, you always want to look your best, yet that's a gift you probably deny yourself.

1. A gift of an exercise bike or health club membership helps keep you young in body and young at heart, with health benefits that include weight loss, stronger joints, lower blood pressure and more. And exercise has been shown to minimize the effects of aging!

2. Pamper your special someone with luxurious skin care that will have her or his skin looking younger. A great choice is StriVectin's holiday gift set, which includes the popular StriVectin-SD to reduce the appearance of fine lines, wrinkles and stretch marks. The set also comes with an Eye Cream to reduce the appearance of crow's-feet and dark circles, and an Instant Deep Wrinkle Filler.
