

HOLIDAY GIFT IDEAS

A Giving Quilt

(NAPSA)—If you want to give friends and family more peace, health and justice in the world, a new gift idea may have it all sewn up.

That gift is a donation to the Lutheran World Relief Community Quilt. Donations to the LWR Community Quilt support one of 12 different facets of the organization's work in the developing world.

Need a gift for someone who has everything? Give that person part of a quilt that can help create a better world.

A gift of \$40, for example, can provide water filters for four families in the Philippines or send two orphans in Uganda to school for a year. With an \$80 donation, you can help a Sudanese refugee woman learn to read and do basic math.

When you make a donation to the LWR Community Quilt as a gift in honor of a friend or relative, the person receives a gift card acknowledging that a gift has been made in their honor. E-cards are available, as are paper cards.

Friends and family will feel honored when they learn a lifesaving donation has been made in their name. For more information, visit <http://quilt.lwr.org>.
