

# No-Sew Tips

## A Personal Touch

(NAPSA)—You don't have to know how to sew to give your home and wardrobe a custom look. Adding artistic embellishments to clothing, curtains and slipcovers is easy with innovative products such as no-sew VELCRO® brand Fabric Fusion. Here are a few fun ideas:

- Brighten up curtains in a child's room by adding colorful cutouts of felt flowers or animal silhouettes.

**A no-sew valance pulls rooms together and adds a distinctive touch.**

- Give window valances an elegant touch by attaching silk tassel trim along the bottom edge.

- Customize chair slipcovers and tablecloths with ribbons and bows that complement your décor.

- Glamorize sweater necklines and cuffs with glittery trims and appliqués.

- Add peekaboo details to skirts, edging hems with layers of tulle and lace or flounces of ruffles.
