Add A Bit Of Sparkle

(NAPSA)—There's something about chilly weather and the warmth the holidays bring that inspires a toast—and there are plenty of family-friendly drinks to raise a glass with.

To make the most of such festive occasions, be sure to include celebratory drinks everyone can enjoy—from kids to those who have to drive home.

Add a bit of sparkle to your next gathering with a sparkling grape juice that is delicious. It's a crowd-pleasing holiday favorite.

Favorites include eggnog and mulled cider. Another great idea is Welch's Sparkling Grape Juice Cocktail.

This great celebratory beverage for the whole family is available in red and white grape flavors. It contains the same premium grape juice found in the company's bottled juices—but with a bit of sparkle.

Wrapped in festive packaging so that it can be given as a gift, the attractive bottles can also provide a decorative complement to any holiday table. You can learn more at www.welchs.com.
