## Aiming For The Checkered Flag In Savings

(NAPSA)—A popular automotive club puts members in the driver's seat, offering savings on everything from vehicle maintenance to travel. And now, while on that road to savings, members have company: racing champion Bobby Hamilton.

Members save on everything from maintenance to 24/7 emergency roadside assistance to travel—and the club even offers a unique auto repair hotline service that delivers repair advice from independent, ASE-certified mechanics.

includes Trilegiant Corporation and Progeny Marketing Innovations—as celebrity spokesman for the group's AutoVantage discount automobile membership club. With Hamilton behind the wheel, awareness for the club is expected to accelerate.

The club's comprehensive benefits will be highlighted in a series of monthly columns, "In The Driver's Seat With Bobby Hamilton." The columns will offer driving tips, automotive maintenance tips, new and used car buying tips and advice on keeping your car in championship condition.
