

## All-inclusive resorts create lasting family memories.

(NAPSA)—Think back. Chances are that some of your most cherished childhood memories started on your family vacation. Simple fun from a simple time—your parents made it look so easy. Now it's your turn! And it really can be that easy with all-inclusive vacations in Mexico and the Caribbean.

**Mexico and the Caribbean offer great all-inclusive vacations.**

---

In general, all-inclusive includes accommodations, all meals, snacks, unlimited beverages (soft and alcoholic), nonmotorized water sports and other activities, as well as nightly entertainment.

Both Mexico and the Caribbean offer luxurious resorts with attentive service, spectacular beaches, brilliant blue waters and warm surf. And access couldn't be easier with convenient flights on major carriers.

The hardest part of the whole trip may be deciding between these two idyllic options. Mexico can be less expensive but the Caribbean offers exceptional values. It may just come down to your personal taste and what you're hungry for: savory Mexican cuisine warmed by a blend of roasted chilies, or tangy jerk dishes infused with exotic Caribbean spices. Either way, you're sure to create memories that last a lifetime!
