

## An Easy Dessert That's Good For You

(NAPSA)—Sweet potatoes (yams) are not only delicious, but are good for you, too. They contain vitamins A, C and B6, beta-carotene, iron, potassium and fiber. Sweet potatoes are also low in fat and sodium. In fact, the Center for Science in the Public Interest (CSPI) named sweet potatoes the #1 most nutritious vegetable. Which means you can eat a dessert made with sweet potatoes and feel good about it.
