## Beauty: Pore It On

(NAPS)—“A youthful complexion is often defined by smooth texture and clean, invisible pores. Patients are always looking to create a polished and refined look that is smooth to the touch,” says dermatologist Dr. Paul Jarrod Frank.

Enlarged pores, however, can happen to anyone and for a number of reasons: dirt and oil, loss of elasticity, stress, hormones and

the environment. Some people turn to exfoliating scrubs, even chemical peels to help minimize the appearance of pores.

To instantly camouflage pores, there's now a lightweight pore perfecter that smoothes over skin for a flawless complexion that lasts all day. It works through optical diffusers and mattifying ingredients that instantly minimize the appearance of pores, for a soft, even finish to the skin.

Called Z-Pore Instant Pore Refiner, it's from GoodSkin Labs and available at Kohl's, where it's supported by rigorous clinical testing.

Adds Dr. Frank, “What is great about Z-Pore is that it creates instant pore refinement with a beautiful silky finish all day.”
