A Trip Through The Dark Side Of The City

(NAPSA)—An earthquake in New York City, a lesbian police detective, homemade pornography and a cure for cancer. These are just a few of the plot elements of *Letter Perfect* (Writers Club Press, \$15.95), the darkly comic murder mystery by N.H. Avenue.

Driven to the psychologist's couch by a panic attack that has undermined her faith in her own abilities, Det. Amanda Ross hopes to find answers—and some sort of salvation—by solving the murder of Charles Taylor, a professional money handler and world-class sleaze.

Letter Perfect can be ordered through bookstores and is available online at www.iuniverse.com and www.amazon.com.
