Breakthrough Vehicle Defies Tradition

(NAPSA)—WORLD'S FIRST SPORT RECREATION VEHICLE—The big news of the 2001 model year has been the arrival of the Pontiac Aztek. This breakthrough vehicle combines elements of a sport sedan, sport utility vehicle and minivan. It has a powerful V6 engine, a highly flexible interior and available All-wheel Drive. The OnStar guidance system is available and on the outside, Aztek's bold, unique design commands attention as well as strong opinion. Aztek makes an impression on the road and sets the stage for an all-new breed of vehicles.
