Chic Spring Styles For Less

Whether soft floral prints, a smart trench coat or casual cargo pants, this season's styles are both sophisticated and comfortable.

(NAPSM)—Update any wardrobe with key trend items for the spring season. From beautiful prints to bold accessories, it's easier than ever to find seasonal essentials that are stylish and affordable. There are a wide range of designers that now offer wardrobe solutions, making it easy to stay fashionable all season.

Designer Vera Wang has a fresh new take on spring with her Simply Vera Vera Wang collection at Kohl's, with a few of her top picks for the season.

Floral Prints

From casual tops and dresses to bags and footwear, floral prints are everywhere this season. For spring, replace the classic black dress with a flirty, belted frock in a bold print. Or add a pop of color to a neutral look with a floral scarf and rosette-embellished flats.

Updated Classics

Incorporate modern details with key classic pieces to quickly

update any spring wardrobe. Available exclusively at Kohl's and Kohls.com, the Simply Vera Vera Wang collection offers a chic, feminine-inspired version of the classic trench coat, a signature spring piece.

Cargo Pants

Utility is a key trend this spring and cargo pants are an essential piece to transition looks from day to night. Pair with a tee and ballet flats for a relaxed, daytime look.

Or, dress them up with an embellished top, layered jewelry and peep-toe heels for a night out.

Wedge Heels

Wedges are the must-have footwear for spring and are an easy way to add instant glam to everyday style. From strappy espadrilles to peep-toe military-inspired laceups, Simply Vera Vera Wang offers on-trend yet affordable footwear to complete any look this season.
