

MAKING LIFE MORE FUN

Detergent Dishes Out \$200,000 In Prizes

(NAPSA)—Thanks to a new contest, now it's possible to have a ball—and win \$25,000—while doing dishes. That's because a popular dish detergent has combined its distinctive time-release cleaning technology with \$200,000 in “instant win” prizes.

Find the Golden Ball and Instantly
WIN \$25,000!

Electrasol® detergent has the ONLY tab with the rinsing action of JET-DRY® for sparkling clean dishes. 

Here's the dish: You may just clean up (and clean your dishes) with a new contest.

To enter, pick up a specially marked package of ELECTRASOL 2in1 Tabs with JET-DRY PowerBall Rinse Agent. Then, before you do a load of dishes, look at the PowerBalls in each tab of detergent. If they happen to be colored gold, silver or peach instead of the usual white, you win!

One lucky winner will find the GoldenBall worth \$25,000, 10 people will find silver PowerBalls worth \$5,000 each and 500 people will find peach PowerBalls worth \$250 each.

Because ELECTRASOL 2in1 Tabs are pre-measured, there's no spilling of liquid or powdered detergent. The specially formulated rinse agent dissolves after the detergent has begun its job and is ready to do its part once the washing cycle is completed.
