Discover The Secret Of Beauty And Longer Life

(NAPSA)—It's been called a fountain of youth for thousands of home and garden products. It's powder coating. Products with a factory-applied powder coated finish are more durable, scratch-resistant and attractive. They last a long, long time. For more information and a free Consumer Buying Guide, click onto www.powdercoating.org or write The Powder Coating Institute, Dept. NAPS, 2121 Eisenhower Avenue, Suite 401, Alexandria, VA 22314.
