Orlando Offers Girlfriends' Getaways

(NAPSA)—The attractions in Orlando, Florida are not just for families. Each year, millions of women visit the destination for leisure, either alone or with girlfriends.

Male bonding can't hold a candle to experiences ladies may have as part of Orlando's "Girlfriends' Getaways" packages.

In 2001, 10 percent of Orlando's total U.S. vacationers—nearly three million people—were parties of women.

To cater to these travelers, Orlando's many businesses and attractions offer plenty of "Girlfriends' Getaways" activities, including mall, outlet, boutique and antique shopping, outdoor activities, spas, dining, nightlife and more.

Now through March 2004, girlfriends can take advantage of several packages and special offers. A Girlfriends' package, offered by Windsor Palms Resort, includes Universal City Walk Passes, Orlando Premium Outlets VIP Cards and The Mall at Millenia Signature Savings Books.
