

Great Deals For Families In Central Florida

(NAPSA)—You may think of Orlando as a world-class destination with action-packed entertainment and theme parks. But there is another side of Florida, the natural side, offering affordable and off-the-beaten-path vacation experiences.

Families can kick back, relax and enjoy nature's playground in Seminole County, Florida.

Seminole County, only a short drive from the Orlando theme parks and area beaches, offers vacation packages starting at \$69 per person (based on double occupancy) for hotel stays and local attraction admission.

One of the themed vacation packages includes a two-night stay at select Seminole County hotels and admission for two guests for a river cruise along the historic St. Johns River. The day cruise provides an interactive narration of local river history and sightseeing for numerous bird species, alligators and other wild creatures during the comfortably paced boat ride.

To book a vacation package, visit www.seminolevacation.com or call toll-free 877-884-1845.
