HINTS FOR HOMEOWNERS

WHEN COOLER WEATHER'S COMING, THERE'S SOMETHING YOU SHOULD DO TO BREATHE EASIER AT HOME: REPLACE THE FILTER ON YOUR FURNACE AND CLEAN THE DUCTWORK TO REMOVE BUILT-UP DIRT, DUST AND DEBRIS. THAT WILL SAVE YOU MONEY AND ENERGY BY KEEPING THE H-V-A-C SYSTEM RUNNING SMOOTHLY. AND IT WILL IMPROVE INDOOR AIR QUALITY, WHICH IS IMPORTANT FOR EVERYONE'S HEALTH, ESPECIALLY KIDS, OLDER PEOPLE AND THOSE WITH RESPIRATORY CONDITIONS, AUTOIMMUNE DISORDERS OR ALLERGIES. YOU CAN LEARN MORE FROM THE BREATHING CLEAN EXPERTS AT BREATHING-CLEAN--DOT--COM.
