Iran, A Recent History

(NAPSA)—The historical progression of Iran's nuclear program and the regime's dark chronology of human rights violations will be on display in what may prove an explosively revealing program.

The documentary series presents the history of Iran from the 1979 Islamic Revolution to the present.

Presenting personal stories of activism and human rights, Kianoosh Sanjari speaks out about his right to freedom of expression.

What You Can Learn

Discover the remarkable individuals working for human rights in Iran and how they overcame incredible life-threatening circumstances. Explore organizations like Amnesty International working for human rights in Iran. Learn how you can help these organizations and others make a difference in the lives of so many Iranians suffering from political oppression.

Coming soon to www.archivalmagazine.com, this documentary series presents ongoing acts of terrorism involving the Islamic Republic of Iran throughout significant historical events such as the Iran-Iraq War.
