Keep Lips Kissably Soft All Year Long

(NAPSA)—Cold winds, hot sun, dry air, environmental damage—you protect your skin from these hazards, but what about your lips? They suffer the same threats, but too often, a thin coat

of lipstick is their only protection from the elements.

“Your lips need the same treatment as your skin,” says Kristi Fuhrmann, makeup and hair key for MTV and a spokesperson for Sally Beauty Supply. “Without protection, they can be dry and chapped, which can detract from your polished look.”

Kristi recommends a trip to your nearest Sally Beauty Supply, where you’ll find the products that will keep your lips soft, plump and pretty.

Luscious lips start when you clean your face. When you exfoliate, don’t forget your lips. A gentle buffing will smooth away roughness and create a soft foundation for lipstick or lip gloss. Try Beyond Belief Vitamin C Apricot Citrus Scrub to gently scrub away dead surface cells as it nourishes with vitamins.

After exfoliating, apply Nourish My Lips Green Tea Lip Treatment. It contains aloe and vitamins A, C and E to infuse moisture and has SPF 10 to protect from harmful UV rays.

Before bedtime, when you slather your face with moisturizer,

reach for Claudia Stevens Retinol A Overnight Lip Treatment. This anti-aging stick saturates lips with vitamin A and moisturizers to minimize wrinkles and soften and smooth your lips.

If the wind and weather do get to your lips, reach for Bee Kissed Beeswax Lip Balm to soothe and protect. Beeswax seals in the moisture provided by coconut oil and natural peppermint oil relieves the pain of dry chapped lips.

Keep color in place with Sealed With a Kiss, a lip fixative that you apply under and over your color to keep the look for up to six hours without smudging.

When it comes to color, Sally has a new lip gloss that makes you feel as good as you look. Kristi helped Sally formulate Savvy Hope Lip Gloss, creating it to look great on all women, regardless of age or coloring. There’s a hint of mango flavor in the shimmery soft pink gloss that lights up your lips with shine and color. It lights up your spirits because Sally is donating 10 percent of each purchase to City of Hope for breast cancer research.
