Making Holidays “Rock”

(NAPSA)—If you’re looking to strike a chord with your gift giving this year, try giving a present that celebrates music and style. Consider these ideas:

Enrique Iglesias

For Him

Fans of sweet sounds may like True Star Men, a new soft spiced scent inspired by Enrique Iglesias. The fragrance, from Tommy Hilfiger, begins with the cool crispness of a pink grapefruit, blended with mysterious tones of black licorice. The fragrance builds with a modern softness from saffron and sandalwood.

For Her

Celebrate her inner diva with True Star Gold, a scent inspired by platinum recording artist Beyoncé. The crisp, floral scent opens with a scintillating sensation of watery notes that come from blending the elements of Provence melon with the crisp tartness of kiwi. At the heart of the fragrance is a dewy brightness from pumpkin flowers.
