Nature's Milky Way

(NAPSA)—The best moisturizing cream for your body may be found in milk—the kind of milk made from black rice and soy.

It seems that rice milk is rich in moisturizing sugars and soy milk has the ability to revitalize and elasticize skin.

The emollient properties of both these milks are combined in a moisturizer line from Perlier, Milky Way, from its “Natural Recipes”

Delicate, sensitive skin drinks up the revitalizing properties of rice and soy milk found in certain moisturizers.

products. The nourishing moisturizer is particularly suitable for delicate and sensitive skin.

Three products take advantage of these ingredients and are suitable for sensitive skin. Double Latte Body Milk Cream is a rich moisturizer that helps restore tone and optimize elasticity and offers an intensely velvety touch. A pair of products is Double Latte Body Milk & Butter (for sensitive skin). Perlier, a 75-year-old Italian skin care company, uses the latest in pharmaceutical research to create skin care products suitable for all skin types.
