

Of Money And Murder

(NAPSA)—“A good, suspenseful cop story.” That’s how critics are describing *Letter Perfect* (Writers Club Press, \$15.95), the debut novel by N.H. Avenue, a mystery which delves into a world of high finance and low morals—a place where not everyone gets out alive.

Amanda Ross, a detective with the NYPD, has more than just a murder to solve. She yearns to bury the past and open her heart to love, but doing so could mean sacrificing everything: her career, her sanity—perhaps even her life.

The Queens Courier praises the book as “distinctive,” while *Desert Outlook* writes, “The story keeps you entertained and wondering what will happen in the next chapter.”

Letter Perfect can be ordered through bookstores and is available online at www.iuniverse.com and www.amazon.com.
