

# Save \$\$ On Personalized Printing

(NAPSA)—Many consumers and small businesses are finding they can save time and money by doing their custom printing online. In fact, companies and individuals can save up to 50 percent off typical print shop rates while enjoying the convenience of designing and ordering from a computer.

**An array of custom-printed business stationery, promotional items and photo products can be designed and ordered at [iPrint.com](http://iPrint.com).**

With the convenience of the Internet, customers can quickly and easily personalize all types of products including letterhead, envelopes, business cards, rubber stamps, address labels, Post-it® Notes, business checks, and more.

iPrint is an easy-to-use online Design Studio™ with hundreds of templates, typefaces, graphics, colors, and other design options. Company logos and custom photos can easily be uploaded onto printed items.

Consumers can create photo holiday gifts for friends and family in a matter of minutes on great products such as mugs, mousepads, sweatshirts, and golf balls—as well as personalized holiday greeting cards.

iPrint.com provides top-quality, economical custom printing in a one-stop location. This convenient and time-saving printing resource takes the hassle out of printing, allowing people to focus on running their businesses.

First-time users can also take advantage of \$4.99 address labels or a handy stamp at [www.iPrint.com/news](http://www.iPrint.com/news).
