### Sinister Forces In Paradise

(NAPSA)—Sinister forces lurk within paradise—and no one seems able to escape, not even at a...dead run. That is the feeling in the just released paperback of *Dead Run* (MIRA Books, \$6.99), Erica Spindler's foray into the dark side of the human psyche.

A chilling thriller from the *USA TODAY* bestselling author of *Bone Cold*

# ERICA SPINDLER

**GOOD VS. EVIL—With Spindler, who will win and who will lose is never a certainty.**

A local pastor is reported missing and several people are found dead, but the Key West Police Department neatly wraps up each case with a logical explanation. However, Liz Ames believes differently. With initially reluctant former Miami cop Rick Wells, Liz follows her instincts and ultimately uncovers the truth regarding her sister's disappearance.

Spindler's latest thriller, *In Silence*, a spine-tingling psychological story of murder and betrayal, will be available in bookstores in hardcover in June or by visiting [www.mirabooks.com](http://www.mirabooks.com).
