Tips On Speed Cleaning

(NAPSA)—In the spirit of the “Take Back Your Time” movement, a national push for less over-scheduling and more quality time, experts at Merry Maids offer tips to help you breeze through the dirty work fast.

If you feel frazzled cleaning, call up the cleaning experts. Having time to relax is important.

Make every move count. Work around the room once without backtracking. Carry your equipment and supplies with you to minimize trips. Work from top to bottom.

Wear a cleaning apron. Hang tools and store supplies in your apron.

Repetition makes for smoother moves. Always put your tools back in the same spot in your apron.

Know when to call for help. If you've reduced your cleaning chaos with these tips, and you're still feeling frazzled, call in some help. For more information visit www.merrymaids.com or call 1-800-MERRYMAIDS.
