The power of laughter helped Kathy Buckley overcome tragedy.

Buckley's troubles started in school where her teachers assumed she was mentally retarded, when in fact she had a hearing loss.

She was molested, run over by a jeep and stricken with cancer all before the age of 30. Rather than be consumed by grief, she sought the light of laughter.

Buckley not only survived, she went on to become a top female comic, an award-winning author, star of a one-woman show and a beloved motivational speaker.

In *If You Could Hear What I See*, Buckley reveals a gift that gave her the power to meet the extraordinary challenges of her life with dignity, courage and laughter.

If You Could Hear What I See is available wherever paperback books are sold.
