The Problem

Here's why: According to the National Highway Traffic Safety Administration (NHTSA), 34 million vehicles have defective air bags, which can cause serious injury or death in the event of a crash. Even a minor fender bender can cause these air bags to explode, spraying metal fragments into drivers and passengers.

A Solution

Fortunately, there is a solution, repairs are **FREE** and Chrysler, Jeep, Dodge and Ram dealerships have plenty of new air bags available to replace them. You don't even have to take the vehicle back to the same dealership from which you bought it; any authorized dealer can make the free repairs.

DEFECTIVE AIRBAGS KILL

Some 34 million vehicles need their air bags repaired. Yours may be among them.
